OUT NOW!

Invictus Productions: PO Box 7171 Dublin 6 Eire tel: (00353) (0)1 8332407 email: invictusproductions@hotmail.com

Hail! And welcome to the third installment of the INVICTUS PRODUCTIONS newsletter. Well, things have progressed quite a bit since the last newsletter and I must apologise for the delay in getting this one out. Firstly our resident alcoholic and general autistic Aussie artist Mr. Simon Turner had to return back to his native motherland in order to pursue his band there, Destroyer 666. So, left without someone to come over here and fuck about on the PC and just design stuff, I am trying to cope with handling all these damned computer applications by myself! I still haven't gotten the hang of them but I guess I will in time... Still, there is no excuse for the long delay in doing the newsletter but there are my excuses at least.

Right, well on the Irish front, there have been quite a few things happening of late. As most of you know Morbid Angel played a very successful show here on December 8th last with support from Arcane Sun and Abaddon Incarnate. It was something of a triumph for the Irish Metal scene seeing a band of that stature playing here again 8 years virtually to the date (they played on December 9th in 1991) and it was all organised by Metal fans, for Metal fans! None of this MCD money grabbing shit! For those who were at it, there is a bootleg cassette and video of the gig doing the rounds so watch out for them. We are not selling them so please don't ask us for them but keep an eye out for them anyway...

In April next, Emerald Promotions (those very Heavy Metal chaps who brought you Morbid Angel) will be presenting Cannibal Corpse with support from two Swedish acts, Deranged and Vomitory! The gig is on Wednesday April 5th in the Temple Bar Music Centre and tickets are priced at £13 but you can also pay on the door! This is another demonstration of

the true Metal spirit to pervades all here in Ireland and goes to any lengths to get the Metal to you... Come out and support it or it will all fall away again and people will have to face into the doldrums again with no gigs and nothing to look forward to... For info on what Emerald are doing etc. you can contact them at heavymetal@ireland.com or 01 8332407.

For all you lovers of Swedish Death Metal, Dismember will play here on May 19th in Slatery's, Capel Street, Dublin 1. Support comes from Desecration from Wales and Geasa! For further information, get in touch with Emerald!

Primordial have finished recording their new masterpiece in Sun Studios here in Dublin with producer extraordinaire Mags (he who has produced My Dying Bride, Cradle of Filth etc. in the past). The new album was finished in the wee hours of a cold January morn. Titled 'Spirit The Earth Aflame', it clocks in at about 53 minutes and features 7 new tracks and a new recording of the demo classic 'To Enter Pagan' which will be featured solely on the CD digipack and LP versions. It will not appear on the normal CD format! Already Primordial are preparing to embark on a mini tour of Holland and Belgium with Shadowbreed and Thyrfing. Also pencilled in is a live date at a massive Goth/Metal festival in the eastern German town of Leipzig which will feature other such luminaries as Fields of the Nephilim!!! A whopping 30,000 to 40,000 are expected to turn out for this event! The release date for the new Primordial album is marked in for somewhere between April and May, so watch the proverbial skies!

In other Irish scene related news Kingdom are about to release their debut demo called 'Bloodtide'. Comprising three tracks with much variation, this

promising act hope to get some decent recognition on the back of their tape! A regular on the live circuit here in Dublin, you should get your asses up here to check them out.

Mael Mordha have recorded another demo! Just after their first one is released! A band that does not let the dust settle we have there! Fair duce! Watch out for that one but in the meantime you can get their first demo CD from us for £6 plus £1 P&P.

The new Cruschan album is finished and should be released sometime in the near future on Hammerheart. Rumours of it being the best 'Folk Metal' album ever are abound and it is being recommended to fans of both Skyclad and The Gathering!

As far as I know, but this is not definite, Waylander have recorded some new tracks for a promo that will be used for getting a new deal. Tin whistle player Part informed me of this some time ago but I'm not exactly sure if the recording went ahead or if they are still waiting to record.

Arcane Sun have a new guitar player... His name escapes me at the minute but Flanders is said to be actually happy with his playing skills and ability so there may be finally some movement in the Arcane Sun camp and a new recording.

There is a new Metal radio station here in Dublin! It only serves the Dublin area unfortunately, but I urge you all to tune in and give it a listen! Everything from Thrash to Heavy to Death to Black Metal! Everything goes! It's called Resident Evil and can be found at 102.5 FM on Monday nights from 9 to 11! So check it out folks... Give Murph and Ray your support!

There's a new band from Tallaght on the go right now. They're called Revile and have

just recorded their debut demo which, they have informed me, will be pressed on CD, but is available for the moment on cassette from Greg Clark, 58 Tymonville Road, Tallaght, Dublin 24. They are also on the look out for some gigs so if any body is into putting them on, you can call them at 4512901. Hopefully they'll get a gig in Valhalla in the near future!

INVICTUS PRODUCTIONS has released its first album! The classic Australian band Slaughter Lord chose to deal with INVICTUS to release the 'Thrash Til Death' album, which has come out on CD and LP format. The LP being limited to 500 copies, most of which are sold out already. It was a proud moment for INVICTUS as this has been in the making for quite some time and there were times when it seemed like it could all fall apart but we got there! INVICTUS is the first proper Metal record label in Ireland and this is quite an achievement in itself but we will not stop simply at that! We have big plans for the future and whilst we may not exactly be in line to eclipse Nuclear Blast or anything we intend to hold our ground and expand and evolve. The next two releases will be Solstice 'Haleyon' on CD and picture disc hopefully and Morphosis 'Shred' on CD and possibly a limited edition LP. After that there may be one or two surprises up our sleeves but nothing definite yet, but we are here to stay...

We are also currently updating our mail order service. It seems that quite a few of you have been ordering stuff that ends up being sold out immediately. Well, in order to please everyone as best as possible what we are proposing now is the hopefully the most efficient and organised way to get you what it is you are after. We are able to get all albums released by the following labels: Nuclear Blast, Hammerheart, Osmose,

Century Media, Spinefarm, Moonfog, Nocturnal Art Productions, Merciless, Necropolis, Metal Blade, Earache/Wicked World, No Fashion, Misanthropy, Metal Mind, Cacophonous, Relapse, Peaceville, Mascot Records, Season Of Mist, Ars Metallii, Full Moon Productions, Regain, Red Stream and Avantgarde. We are also able to get the limited editions released by these labels, for example, the lead Earth 5 picture disc box set 'Alive in Athens', or the new Limbionic Art picture disc box set or various picture discs. Obviously due to the demand for these items in mainland Europe, we will have limited quantities at our disposal but they are obtainable. We will feature upcoming releases on various labels and inform you as to what limited editions are out and can be obtained through us. Otherwise, keep an eye out for those upcoming releases that you want and order them through us for the cheap price of £10 plus £1 postage and packaging! All the releases on the above labels are available through us from now on so whatever it is you want, don't hesitate to ask! We can possibly get some other albums by bands on the bigger labels but they will be rarities as the price to buy them in is considerably higher than the normal CD and our distributor generally doesn't stock these CD's. There may be times that a certain CD is unavailable for whatever reason and it may take longer for us to get it for you. In this event, please bear with us as we will always try our best! As we do a stall at the Valhalla Club every month, most of our stock sells out there. If you have ordered something and it is sold out at the time of order, don't worry! By virtue of the fact that you have ordered it, it will come back in to us here. It may take 2 to 4 weeks for us to get it to you, but it will be done. When ordering **ALWAYS** have alternatives. This makes it easier for us to deal with your request.

We can never guarantee that what you order will be in stock at the time of ordering, but if it is available to us, we can sure as hell get it! If you still feel unsure about this mail order service, please give us a call! We're here to do our best at getting you those titles at much cheaper prices so sometimes I guess it's worth the wait!

So there you go... I hope that you can now find it easier to place an order knowing that there is every likelihood that you will receive the album you requested! INVICTUS will also be doing stalls at all underground gigs in Dublin and possibly ones that are on around the country. We hope to have a stall at the upcoming Carnibal Corpse gig too.

And in what will undoubtedly be the biggest step forward for us here at Invictus, will be the release of a mini CD by the band Ceremony, which features Steve Tucker of Morbid Angel! This is quite a big coup for us as I am sure you will agree and we are set to release that in the late summer/early autumn also. It will be a mini CD release with 4 tracks and is guaranteed to be a collectors item for those of you who are fans of Morbid Angel. It also has Pat O' Brian of Nevermore/Cannibal Corpse fame playing guitar on the tape! The mini CD will be titled 'The Days Before the Death'.

Finally, the Kingdom demo has been released! Featuring three songs with much variety...crossing the boundaries of Black/Thrash/Death and Heavy Metal. The demo is available from us here at Invictus for £5 (including p & p)! Or, if you order over £10 worth of items from us, we will send it to you for FREE! If you wish to contact Kingdom for gigs, interviews etc., please do so at 269 Grace Park Heights, Drumcondra, Dublin 9.

Also available now are the new albums from Primordial and Cruachan. The Primordial album is entitled 'Spirit The Earth Aflame' and is available from us on digipack CD format and LP, both of which feature the bonus track 'To Enter Pagan'! We will be stocking the ordinary CD version in the future. Cruachan's album is entitled 'The Middle Kingdom' and both bands are set to appear at the Mono Bar (formerly The Mean Fiddler) in Wexford Street, Dublin 2 on Sunday May 28th for a special album release party. Tickets for the gig will be £6 and there will be signed Primordial and Cruachan LP's and CD's up for grabs! So be sure to make your way along to that!

...The Valhalla Metal Club is on every month as usual in the Bacchus Bar, Parnell Street, it's £5 admission on the door and there is a wide variety of metal on offer from traditional Heavy/Power Metal right through to underground Black and Death Metal. Feel free to bring along some CD's as the DJ's will usually play something specific for you. On July 14th Australian Black/Thrash mainstays Gospel of the Horns will play one date here in Dublin. Support for this will be from Abaddon Incarnate. A venue has yet to be confirmed but watch this space!

As stated in the last newsletter, there's now a Metal Radio show in Dublin called Resident Evil. It's on the pirate Caroline FM radio stations and can be found at 102.5 FM. It's well worth tuning as there is a mixture of music on offer plus some fun and humour. The show starts at 9pm and finishes at around 11pm every Monday night. Your host is the delightful Murph and requests are welcome on air so tune in and call in.

And finally, Invictus is pleased to announce our second album release! Out on Monday May 15th will be 'Halcyon' by English Heavy/Doom Metal giants Solstice! The first pressing of this magnificent, epic masterpiece will be in CD digi-pack form and limited edition picture disc! Solstice hope to come back and play here in August this year with the possibility of The Lord Weird Slough Feg (US) and Twisted Tower Dire (CAN) coming as support! Watch this space for further information.

And so to the end of another newsletter. I hope to see you all up the front head banging at the upcoming Dismember gig in Frazer's Bar in O'Connell Street! Tickets, in case you didn't know, are £8.50 and it's £9 on the door. The tickets are limited however to 200 so you had better hurry if you want to go and haven't got a ticket yet as tickets have been selling very quickly. See you all there...
